# Mashed potato 1007119

Small, compact mashing machine that is easy to handle and understand. The machine fills automatically with water and the mash is prepared with a touch of a button for quick and easy serving. Perfect for those who want to serve the Sibylla sausage traditionally with mashed potatoes, or to prepare the children's favourite; meatballs and mash. Instructions and training of new customers are not included. Contact our sales representative for more information about which machines are right for your business.
